

CLIENT ALERT

PROPERTY REVALUATIONS

Several Connecticut towns are currently undergoing town wide revaluations which will result in changes to the assessments of real property for October 1, 2007.

You may have recently received a notice of revaluation for your real property in your town. These new values will form the basis for property tax bills commencing on July 1, 2008. Any appeal must be taken to your local Board of Assessors by February 20, 2008.

We at Levy & Dronney are experienced in taking an appeal of your real property assessment to your local Board of Assessors and if necessary filing an appeal. If you believe your property is overassessed, you may contact me to set up a free consultation to review your assessment immediately.
